

Dear Saab friends,

The year 2020 is nearly it's end and will certainly be in our memories for a long time, unfortunately not for being a good year, generally speaking. It has certainly been a very strange year and many of you may have experienced difficult times. Hopefully the vaccines can help us see the light at the end of the tunnel.

Of course the Saab Car Museum has suffered from the situation and is closed since november and will be so until end of January.

Due to the general restrictions our activities have also been on a reduced level but the following activities have been performed:

- Supported the Museum financially in the purchase of a car which will be presented later.
- Started a new, big book project. More info to come.
- Decision is taken to purchase interactive screens for the exhibition. They will be in place next year, the Museum is now working on the content.

Please remember that after the Holiday celebrations it's time to renew the Membership for 2021 ([here](#)), Your support is essential to help keep the Museum alive and interesting.

We do have more projects in the pipeline.

Now we all are looking forward to celebrate Christmas as well as we can and the start of a Better Year.

Stay safe and healthy!

From all of us in the board to all of you,

Merry Christmas & Happy New Year

Saab Car Museum Support Organization
